Subject: Re: Planning application - 2022/0294/P - Flat 1, 20 Hampstead Hill Gardens

Dear Tony

Thank you for your email.

The elevation and sections of the proposed porch entry door and side windows are shown in the attached drawings DW1(a) , DW2(a), DW3(a) (file: Door & windows.pdf, Windows.pdf, Detail-1.pdf). Porch side windows are to be identical - single pane, non-openable. The door and windows will be manufactured by London WoodArt Joinery - <http://woodartjoinery.com/> .

The roof window is to be Velux 114 x 118 cm (SK06) and its positioning in the roof structure will follow the manufacturer's instructions
