Dear Sir/Madam

## **DECISION**

Town and Country Planning Act 1990 (as amended)

### **Full Planning Permission Granted**

Address:

**91 Iverson Road  
London  
NW6 2QY**

Proposal:

Replacement of timber and uPVC framed single and double glazed windows with timber framed, double glazed sash, top-hung and side-hung windows on front and rear elevations.

Drawing Nos: (228021-FCG-ST-XX-DR-B-1000-S4-P01; (228021-FCG-MB-EL-DR-B-2200-S4-P02, 2400-S4-P01, 2401-S4-P01; Design & Access Statement from Frankham Consultancy Group Ltd. (ref. 228021-FCG-XX-XX-RP-B-0441-S2-P01) dated April 2022..

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: (228021-FCG-ST-XX-DR-B-1000-S4-P01; (228021-FCG-MB-EL-DR-B-)2200-S4-P02, 2400-S4-P01, 2401-S4-P01; Design & Access Statement from Frankham Consultancy Group Ltd. (ref. 228021-FCG-XX-XX-RP-B-0441-S2-P01) dated April 2022.

Reason:

For the avoidance of doubt and in the interest of proper planning.

- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 of the London Borough of Camden Local Plan 2017 and policy 2 of the Fortune Green and West Hampstead Neighbourhood Plan 2015.

Informative(s):

- 1 Reasons for granting planning permission:

The proposed replacement windows would match as closely as possible the existing windows in terms of materials, colour, design, opening methods and proportions. Some existing uPVC framed windows would be altered to timber framed units which is considered to be a more appropriate material for this building.

There would be some degree of increased thickness to the frames/glazing bars in order to accommodate the double glazing panes; however, in this instance, the use of suitably designed slim-line units are considered to be an appropriate and sympathetic change which would result in an overall improvement in the character and appearance of the host building and wider Fortune Green and West Hampstead Neighbourhood Area.

In sustainability terms, double glazed units are noted as having the potential to reduce energy costs, provide more thermal efficiency and insulation, offset the need for powered heating and so reduce carbon emissions, and allow for passive flow of ventilation (through trickle vents).

There are no amenity concerns as the proposed windows would replace existing windows.

The site's planning and appeals history has been taken into account when coming to this decision. No objections have been received following statutory consultation.

As such, the proposal is in general accordance with policies A1, D1 and CC1 of the Camden Local Plan 2017, policy 2 of the Fortune Green and West Hampstead Neighbourhood Plan 2015, the London Plan 2021 and the National

Planning Policy Framework 2021.
