2022/2354/P	Rupert Terry	20/07/2022 09:39:44	OBJ	Over population of property in an area already too densely populated for refuse disposal (constantly left out on the street), lack of parking etc. With so many dwellings within this terraced property the risk of fire will be elevated, affecting the safety of neighboring properties. The two roads that this property fits between are extremely narrow and the delivery of building materials will cause considerable traffic disruption. The positioning and delivery/ collection of skips also needs careful consideration.
