A conversion of two flats being made into a seven bedroom single dwelling house type of dwelling;2. Such an application is out of keeping with a luxury block of Mansion Flats in St. John's Wood;3. I have lived in 41 Avenue Close since 1971 and I object to a staircase being built in an older building which might affect the structure of the building, plumbing and heating to my flat. Building work is non - stop here in our building;4.The building alterations are not considered acceptable, nor do they meet policy requirement.5. I am concerned with over crowding if quantity 7 bedrooms are built and we will have a parking problem as well; and6. My flat is 261 square meters (2811 square feet) and I am concerned the Aleterations referred in in the Planning Appication, will cause the market value of my flat to decline in value.
