The existing planters have, since their inception, been poorly maintained so any improvement (with proper maintenance) in that area is to be welcomed. However, the installation of vinyl wraps is unwelcome. To describe these cheap, nasty, articles as "artwork" is a joke. They look as if they have been produced by a class of not very talented 3-year-olds.

The O2 Centre is no architectural masterpiece, but its appearance will only be harmed if this application is approved. Improve the planting, keep it clean, keep it tidy - that's all that is required. Forget about the childish "artwork".
