Reduce height down to 6m.

Dear Tom

I hope you are well.

I have some concerns about the above application - Application number:  
2022/3123/T - Application for Works to Tree(s) covered by a TPO.

This is a massive old ash tree that is important to the neighbourhood. The application form mentions that it "is severely rotten at base" but it is not clear whether an expert arborist has investigated and made recommendations on what needs to be done to save the tree.

I would be grateful if you could make enquiries and I hope that everything possible can be done to save the tree.

With thanks for your help

Regards

Barbara
