2022/3090/T	Lynnette Kyme	28/07/2022 12:23:39	INT	<p>It would seem to me that this garden is being removed of its trees by 'stealth' since already the applicants have felled a 50 year old silver birch tree and shredded other trees and shrubs in the past week - and this according to your website, before the main planning permission has been approved. You have other applications for the same garden to affect tree work, and original plans and reports stated quite clearly there would be little impact to the trees planted by the original owners. Why are they now seeking to remove more trees one by one? So the council won't notice perhaps ?</p>
