2022/2265/P	David Leon Margulies	30/07/2022 10:53:51	INT	<p>No.18 Perrins Lane has been, and remains to date, the most intact grade II listed building of the terraced houses in Perrins Lane.</p> <p>The garden wall between No16 Perrins Lane and No. 18 Perrins Lane is listed as Grade II as a separate entry on the deeds to No.16.</p> <p>Even if that were not the case, the plan as it stands, would require a party wall agreement.</p> <p>Also, unfortunately there do not appear to have any measurements on the plans. It is therefore necessary to extrapolate the measurements. Given that the garden wall is 63 inches, the planned elevation of the extension wall sitting on the garden wall would be more than twice the height of the existing garden wall. This would restrict the light into the kitchen of No.16</p>
