2022/3207/L	Andrew Holmes	01/08/2022 14:54:19	SUPPRT	<p>As a resident local to this property I am pleased to offer my comments this Listed Building Planning Application.</p> <p>I have known this fine old Grade Two cottage for more that 12 years having advised the owner on past maintenance issues.</p> <p>I have carefully reviewed all the documents of this application, and also the companion application 2022/2555/P for the same property.</p> <p>I think that the design and finish of the proposed extension is in character with the existing house and of considerable design merit. The detailed historical and design exploration of the whole immediate area and the well presented report is impressive and supports my own view that this building work will enhance the area</p> <p>For this reason I fully support this Listed Building Planning Application.</p>
