Dear Ms Dawson,

**10 Ferncroft Avenue: 2022/0781/P- objection**

Thank you very much for forwarding details of the air conditioning unit acoustic enclosure for permission ref 2022/0871/P.

As has been noted by several neighbours, the installation of an air conditioning unit in the rear garden is likely to cause considerable noise disturbance.

If the timber screen were to be completely clad in native ivy (*Hedera helix*), this would not only help to deaden the sound, but would also provide habitat for wildlife:

Ivy is one of the climbers recommended in section 6.2.3 of the Redington Froggnal Neighbourhood Plan.

Yours sincerely,

Secretary
