Subject: Planning Application - 2022/2636/P Manor Court 152 Abbey Road London
Camden NW6 4ST

[REDACTED]

Dear Mr Wong

Re: Planning Application - 2022/2636/P

I strongly object to the above planning application for an extra storey to Manor Court in Abbey Road for the following reasons:

- This is a conservation area and further developments are prohibited/restricted
- There are already subsidence problems on this corner where heavy goods vehicles use this very busy junction, the problems could be exacerbated further and even affect Kingswood Court
- This will reduce the light to enter properties at Kingswood Court where I live
- There are inadequate extra parking facilities available in Abbey Road and West End Lane

Kind regards

Mark Pampel
Resident, Kingswood Court

As a resident of Kingswood Court which is positioned next to Manor Court I strongly object to this planning application for the following reasons. The application 2016 /5383/P for the same development met with very strong opposition and was withdrawn.
