2022/2506/P	R. Sachar	03/08/2022 15:47:58	OBJ	The addition of windows to the garage doors (presumably to turn the garage into a room) is not in keeping with the context of the surrounding buildings and will look completely out of place and very different to the houses next door. All owners of flats and houses in the estate are required to maintain the facades of their properties to be consistent with the original design and with the surrounding buildings. No other owners of properties in the estate are permitted to add, remove or change the design of their windows, so the same rules should apply to all.
