Dear Camden Planning dept

I was about to respond to this application when only today I saw the comments were open until 10th June, even though it was only put in the notification email on 27th July. I see you have a note on this, but I'm not clear which part applies here.

It is not entirely clear which way this sign is going to be facing, but if it's going to be lit up all night, then I am objecting to it, as it will disrupt the sleep of local residents, like the one on the Maple Building back in 2015.
