I live in the basement flat of 9A Denning Rd, already their is limited privacy of the house number 11 overlooking onto the basement flat.</p> <p>They want all floors to have new balconies protruding which will further overlook me and all my Neighbours further, giving us all virtually no privacy nor peace. The large raise ground floor roof terrace will impact all of my privacy, particularly myself and the residents of 9 Denning Rd.</p> <p>I already don't feel very comfortable and fear that this will virtually give me privacy, making me feel as if I will have to retreat within my own home.</p>
