- Glass mosaic tiling to entranceway, gold and white colour or similar approved
- Reconstituted stone paving or similar approved fire rating A1 or A2
- Balcony soffits rendered cementitious board, terracotta colour or similar approved

Block B NMA Planning Notes

Removal of Juliette balcony where fixed panels window required due to acoustic and ventilation strategy omit. Adjustments to window types to allow for a greater diversity of openable panels.

Minor movements of all brick grids on façade in order to improve build ability and overall aesthetic of the building. Addition of lift and stair overrun to elevation.

Addition of air source heat pump equipment and enclosures to roof space.

Addition of rain water pipes to the external façade. Ground floor layout adjustments required to accommodate 2 substations required for the scheme have affected the overall elevation pattern for the ground floor.

Additional windows added to the ground floor to supply light to Amenity space.
