Materials

Does the proposed development require any materials to be used externally?

Yes

No

Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each material)

Type:

Windows

Existing materials and finishes:

Existing kitchen windows are wooden, we believe Iroko (a teak substitute), probably originally with a clear varnish. The West Hill Park committee have now adopted the current recommended woodstain – Sikkens Cetol Filter 7 Plus colour 045 mahogany, which filters out UV rays.

Proposed materials and finishes:

We propose similar, wood framed and double or triple glazed bifold and french doors (replacing existing kitchen windows). We will stain with Sikkens Cetol Filter 7 Plus colour 045 mahogany, in line with recommendations of West Hill Park committee. Proposal has been approved by West Hill Park committee

Type:

Roof

Existing materials and finishes:

Main roof is traditional timber frame pitched construction with an inter-locking tile finish, timber battens and underfelt across the roof slopes for weathering purposes. Lead flashings are provided at the roof edge and further junctions for weathering purposes.

Proposed materials and finishes:

Proposal is to introduce two velux windows to the back top portion of the sloping roof, to allow more light to flow into the property. Window dimensions will be 114cmx160cm, velux top hung windows. Proposal has been approved by West Hill Park management company.

Are you supplying additional information on submitted plans, drawings or a design and access statement?

Yes

No

If Yes, please state references for the plans, drawings and/or design and access statement

Existing and proposed floorplans, elevations and sections have been separately attached.

Trees and Hedges

Are there any trees or hedges on the property or on adjoining properties which are within falling distance of the proposed development?

Yes

No

If Yes, please mark their position on a scaled plan and state the reference number of any plans or drawings.

Whilst there are trees and adjoining properties, the proposal is only to replace windows with french & bifold doors and add velux windows to roof. There is no additional square footage being added and therefore no impact on existing trees or properties.

The site & location plans outline existing trees and properties in the immediate vicinity, which should not be disturbed by the proposed plans.

Will any trees or hedges need to be removed or pruned in order to carry out your proposal?
