3. Site Address Details

Please provide the full postal address of the application site.

Unit:	<input type="text"/>	Number:	<input type="text" value="6"/>	Suffix:	<input type="text"/>
Building name:	<input type="text"/>				
Address 1:	<input type="text" value="Quickwood"/>				
Address 2:	<input type="text" value="London"/>				
Address 3:	<input type="text"/>				
Address 4:	<input type="text"/>				
Postcode:	<input type="text" value="NW3 3SJ"/>				

4. Eligibility

Was the current use of the building as dwellinghouses only granted by virtue of permitted development rights under Schedule 1, Part 3, Class M, N, O, P, PA or Q of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended)?

Yes No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Was the current building constructed between 1 July 1948 and 5 March 2018?

Yes No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Have additional storeys already been added to the original building (as it stood on 1 July 1948, or as built after that date; or, if 'Crown land', as it stood on 7 June 2006, or as built after that date)?

Yes No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Would the proposed extended building's:

- height exceed 18m (as measured from ground level to the highest part of the roof); or
- roof be:

- more than 3.5 metres higher than the highest part of the existing roof, where the existing building consists of one storey above ground level; or
- more than 7 metres higher than the highest part of the existing roof, where the existing building consists of more than one storey above ground level.

Yes No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

If the dwellinghouse is not detached, would the proposed extension result in the highest part of the roof exceeding 3.5 metres above either:

- the highest part of the roof of the building it is joined to (e.g. by party wall or adjoining main wall); or
- if in a terrace, the highest part of the roof of any building in the row it is situated

Yes No / The dwellinghouse is detached

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Would the floor to ceiling height, measured internally, of any proposed additional storey exceed:

- 3 metres; or
- the floor to ceiling height, measured internally, of any existing storey of the principal part of the existing building

Yes No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

4. Eligibility (continued)

Will the proposed additional storeys only be constructed on the principal part of the building (i.e. the main part of the building excluding any front, side or rear extension of a lower height, whether this forms part of the original building or a subsequent addition)?

Yes No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will any proposed engineering operations reasonably necessary to construct the additional storeys include:

- provision of visible support structures on or attached to the exterior of the building upon completion of the development; or
- anything other than works within the existing curtilage of the building to strengthen existing walls and foundations

Yes No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Is any part of the land or site on which the building is located:

- article 2(3) land;
- a site of special scientific interest;

Yes No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will the materials used in any exterior work be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse?

Yes No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will the roof pitch of the principal part of the proposed extended dwellinghouse be the same as the roof pitch of the existing dwellinghouse?

Yes No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will the development include a window in any wall or roof slope forming a side elevation of the building?

Yes No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Following the development, will the dwellinghouse be used within Use Class C3 and for no other purpose, unless that purpose is ancillary to the primary use as a dwellinghouse?

Yes No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

5. Description of Proposed Works, Impacts and Risks

Please describe the proposed development, including:

- details of any works proposed;
- the external appearance of the dwellinghouse, including the design and architectural features of the principal elevation (and any side elevation that fronts a highway)

It is proposed to construct an additional storey on the existing residential property at 6 Quickswood, London NW3 3SJ, in line with the standards set out within Class AA, Schedule 2, Part 1 of the GPDO. The proposed additional storey would be constructed on the principal part of the existing house.

The additional storey would accommodate three bedrooms/studies and two bathrooms.

In line with the requirements, no windows will be located on the side elevations of the additional storey. Additional windows will be located in the front and rear elevations in order to provide the new rooms with good level of light. The total height of the additional storey, at approximately 2.9 metres, falls well within the parameters set by the Guidance.

As shown on the accompanying drawings, the materials for the additional storey have been carefully selected in order to match the materials of the existing house. The brickwork and render have been designed to match the existing materials.

The additional storey, once constructed will appear as a natural extension to the existing building and not as a separate element.

What is the current height of the dwellinghouse:
(measured externally from ground level to the highest part of the roof)

6.3

metres

What will be the height of the dwellinghouse once the additional storeys are added:
(measured externally from ground level to the highest part of the roof)

9.2

metres

5. Description of Proposed Works, Impacts and Risks (continued)

Please provide details of the impacts on the amenity of any adjoining premises including overlooking, privacy and the loss of light and how these will be mitigated:

The erection of an additional storey will not result in any further impact on neighbouring amenity. Due to its location the additional storey will not take any significant amount of daylight or sunlight from the neighbouring buildings. The existing distance between the buildings to the front and to the rear ensures the privacy.

Please provide details of any air traffic and defence asset impacts and how these will be mitigated:

The development is not within an airport or defence asset safeguarding zone and so will not result in an impact to either air traffic or defence assets.

Where relevant (due to the siting of the building), please provide details of the impact on any protected view.

Note that these are identified in the Directions Relating to Protected Vistas dated 15 March 2012 issued by the Secretary of State.

The property is not identified as falling within a Protected Vista and so will not result in any impact on protected views.

6. Checklist

Please read the following checklist to make sure you provide all the required information in support of your proposal. The information provided should include all the details necessary for the Local Planning Authority to determine if the proposal complies with permitted development legislation, and if its prior approval will be required. If sufficient information is not provided the Local Authority can either request it, or refuse the application.
