2022/1962/P	Neil Kitchener	14/08/2022 20:35:59	OBJ	<p>I own a long lease over 63e Redington Road NW3 and a share in the freehold of 63 Redington Road.</p> <p>I have today been made aware of this application by a neighbour. I understand that notice of the application was posted at a time when it must have been expected that many of those affected would be away from London on annual vacation, as I am at present.</p> <p>The application is extremely detailed and complex and I am not able, in the time available, to ascertain all the respects in which my legitimate interests (and those of other neighbours) might be affected by the application.</p> <p>Nevertheless, it is immediately apparent to me that the application if granted, has the potential very significantly to affect my interests and the interests of other neighbours.</p> <p>The issues raised by the application include (but may not be limited to) disruption, access to light, being overlooked and structural damage.</p> <p>More time should be granted in order to consider the full impact of the application in proper detail and to obtain professional and legal advice.</p> <p>In the meantime, I am very strongly opposed to the application being granted and I reserve all my legal rights against the applicants and the planning authority.</p> <p>I would be very happy for a representative of the authority to contact me directly in order to discuss the matter further.</p>
