2022/3014/L	Rajesh Roy	14/08/2022 21:32:11	OBJ	<p>As a resident of 38 Belsize Grove with 1 school going child and one baby who spend most of the day at home at the property, I object to the proposed extension of the Lower Ground flat, number 38A. The proposed extension would completely alter the aspect at the rear of 38 Belsize Grove. This construction would severely impact our children's daily life and overall health. At present, this is open and green comprising the gardens of numbers 38 and 38A and further to the allotments beyond.</p> <p>Number 38 Belsize Grove is at the end of a long Victorian terrace. All the rear gardens are intact and there is no precedent for an extension of this type anywhere within the terrace. I see no justification for setting such a precedent.</p> <p>In addition, the proposed extension would destroy a substantial garden that is a precious resource in this heavily built urban environment.</p>
