Noise levels in the report need to based on the current ambient noise levels and not those that were measured previously as these may have
changed. Therefore, I would confirm that new noise readings need to be taken so that the Council can be satisfied that the proposal meets the
current noise standards.
In my opinion, the acoustic enclosure should form part of the application submission so that the Council could ensure that it is appropriate in
design terms and that it will form appropriate mitigation against noise

Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
