Dear Sir or madam

**Both the above applications are in respect of 18 Perrin's Lane London NW3 1QY**

I am writing to object to these applications.

The houses between 14 and 26 Perrins Lane are Grade II listed. The proposed scheme at the rear of the property, leading from the original period kitchen, conflicts with the intent of the listing. The proposed lean-to, that sits on the party wall, is disproportionately high, particularly considering it is for the installation of a WC; it also conflicts with the intent of the listing. These proposals bear no relation to the rest of the listed terrace and thus compromise the rest of the Grade II terrace of the relevant period.

Likewise, the proposed oval window in the facade of the lean-to is not in keeping with the house's period. The removal of the rear window of the house to install a pair of French doors also conflicts with historical detailing of the building. These proposed changes also compromise the rest of the Grade II terrace of the relevant period.

I believe that these applications should be refused.

Yours faithfully  
Robert Dowsett
