2022/3110/P	SARAH BEST	26/08/2022 10:56:36	OBJ	<p>I wish to object to the applications for more loft extensions in Elliott Square. Last year works on # 24-32 put us through 5 months of unbearable noise levels, right by my house. Now you're proposing the same for # 19-23, right opposite my house.</p> <p>An upper storey there will certainly block the light from our terrace opposite. I am also concerned about the parking. The hard standing outside that terrace is narrow. With the scaffolding sticking out a good metre this will massively reduce the parking spaces and impede the flow of traffic on that side. Where are the lorries, skips, portaloo going to go ?</p> <p>I understand several other applications have also been made here. Are they all going to take place at the same time ? Living here is going to be intolerable for those of us having to live AND WORK here. We are also having to put up with all the extra noise generated by the re-cladding works on Bray. A reduction in Council Tax for living on a building site would certainly be in order.</p> <p>The appearance of our estate is being ruined, and the residents apparently have no control. Please put a halt to all this before it gets any worse.</p>
