Eligibility

Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible.

The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.

The questions below will help determine if the proposals are eligible for this permitted development right.

The current building and site

Was the current use of the building as dwellinghouses only granted by virtue of permitted development rights under Schedule 1, Part 3, Class M, MA, N, O, P, PA or Q of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended)?

- ☐ Yes
☒ No

Above ground level, is the current building less than 3 storeys in height?

- ☐ Yes
☒ No

Was the current building constructed between 1 July 1948 and 5 March 2018?

- ☒ Yes
☐ No

Is any part of the land or site on which the building is located:

- in a conservation area;
- in an area of outstanding natural beauty;
- in an area specified by the Secretary of State for the purposes of enhancement and protection of the natural beauty and amenity of the countryside;
- in the Broads;
- in a National Park;
- in a World Heritage Site;
- in a site of special scientific interest;
- a listed building or land within its curtilage;
- a scheduled monument or land within its curtilage;
- a safety hazard area;
- a military explosives storage area; or
- within 3 kilometres of the perimeter of an aerodrome

- ☐ Yes
☒ No

The proposed development

Will the proposed additional storeys only be constructed on the principal part of the building (i.e. the main part of the building excluding any front, side or rear extension of a lower height, whether this forms part of the original building or a subsequent addition)?

- ☒ Yes
☐ No

Would the floor to ceiling height, measured internally, of any proposed additional storey exceed:

- 3 metres; or
- the floor to ceiling height, measured internally, of any existing storey of the principal part of the existing building

☐ Yes

☒ No

Would the proposed extended building's:

- height exceed 30 metres (as measured from ground level to the highest part of the roof, not including plant); or
- roof be more than 7 metres higher than the highest part of the existing roof (not including plant, in each case)

☐ Yes

☒ No

Will all the proposed new dwellinghouses be flats (i.e. separate and self-contained premises constructed for use for the purposes of a dwellinghouse)?

☒ Yes

☐ No

Will all the proposed new dwellinghouses have gross internal floor areas of at least 37 square metres, and comply with the [nationally described space standard](#)?

☒ Yes

☐ No

Following the development, will every dwellinghouse in the building remain in use within Use Class C3 and for no other purpose, unless that purpose is ancillary to the primary use as a dwellinghouse?

☒ Yes

☐ No

Related operations and works

Will any proposed engineering operations reasonably necessary to construct the additional storeys and new dwellinghouses include:

- Provision of visible support structures on or attached to the exterior of the building upon completion of the development; or
- Anything other than works within the existing curtilage of the building to strengthen existing walls; strengthen existing foundations; or install or replace water, drainage, electricity, gas or other services

☐ Yes

☒ No

Will any works for the replacement of existing plant or installation of additional plant on the roof of the extended building reasonably necessary to service the new dwellinghouses include:

- Installation of plant where none currently exists; or
- Increasing the height of any installed plant (i.e. as measured before and after from the lowest surface of the roof on the principal part of the building)

☐ Yes

☒ No

Will any works for the construction of appropriate and safe access to and egress from the new and existing dwellinghouses (including means of escape from fire, via additional external doors or external staircases) extend

☐ Yes

☒ No

Will any works for the construction of storage, waste or other ancillary facilities reasonably necessary to support the new dwellinghouses:

- extend beyond the curtilage of the existing building;
- be situated on land forward of a wall forming the principal elevation of the existing building; or
- be situated on land forward of a wall fronting a highway and forming a side elevation of the existing building

☐ Yes

☒ No

Fire Safety

Where the building (existing or as proposed) exceeds certain limits, legislation has been put in place to ensure the adequate consideration of fire safety by the Local Authority (including its decision to grant prior approval) and other relevant parties.

The Existing Building

Is the existing building 18 metres or more in height (as measured from ground level to the highest part of the roof)

☒ Yes

☐ No

Any work to add storeys to tall buildings (18 metres or higher) will require additional information to be supplied in regard to the construction of the existing building's external walls.

Please provide details regarding the fire safety of the existing building's external wall construction

Details provided within the submitted fire report, engineering report & design and access statement.

Your application will also need to include a report from a chartered engineer or other competent professional confirming that the external wall construction of the existing building complies with the Building Regulations for [External Fire Spread \(Paragraph B4\(1\) of Schedule 1 to the Building Regulations 2010 \(as amended\)\)](#). This can be uploaded in the supporting document section.

The Proposed Development

Would the proposed development result in a building that contains one or more dwellinghouse, and is:

- 18 metres or more in height (as measured from ground level to the highest part of the roof); and/or
- Contains 7 or more stories

☒ Yes

☐ No

Any proposed building that meets or exceeds these limits will require additional information to be supplied in regard to the fire safety impacts on the intended occupants of the building.

Please provide details of the fire safety impacts on the intended occupants of the building.

See submitted fire statement, structural report and design and access statement

For such proposals, a 'Fire statement' that covers the fire safety design principles, concepts and standards that have been applied to the development should also accompany the application. This can be uploaded in the supporting document section.

Description of Proposed Works, Impacts and Risks

Proposed works

Please describe the proposed development including details of any dwellinghouses and other works proposed

Introduction of a two storey extension on the main building's roof to provide two class C3 residential flats, and associated works.

Please describe the effects of the proposed development on the external appearance of the building

Please see the submitted Design and Access statement

Please provide details on the provision of adequate natural light in all habitable rooms of the dwellinghouses

Please see the submitted BRE sunlight and daylight study which confirms that the new units would enjoy excellent levels of sunlight and daylight.

What will be the net increase in dwellinghouses?

2

This figure should be the number of dwellinghouses proposed by the development that is additional to the number of dwellinghouses in the existing building prior to the development.

Impacts and risks

Please provide details of any transport and highways impacts and how these will be mitigated

Please see submitted transport report

Please provide details of any air traffic and defence asset impacts and how these will be mitigated

No air traffic or defence asset impacts are anticipated.

Please provide details of any contamination risks and how these will be mitigated

No contamination risks are anticipated. See submitted land contamination report.

Please provide details of any flooding risks and how these will be mitigated.

No flood risks are anticipated. See submitted flood risk report.

A flood risk assessment should accompany the application where the site:

- is in Flood Zones 2 or 3; or
- is in an area with critical drainage problems (such areas will have been notified to the Local Planning Authority by the Environment Agency).

[Check if your site location is in Flood Zone 2 or 3 online](#)

Check with your Local Planning Authority to see if your site is in an area with critical drainage problems.

Please provide details of the impacts of on the amenity of the existing building and neighbouring premises including, but not limited to, overlooking, privacy and the loss of light and how these will be mitigated:

Please see submitted BRE sunlight/daylight report and the commentary on 'amenity' for neighbours set out in the Design & Access statement.

In the case of upwards extensions this includes neighbouring properties which are not contiguous with the proposed development site

Where relevant (due to the siting of the building), please provide details of the impact on any protected view.

The building is NOT WITHIN any protected view.

These are identified in the Directions Relating to Protected Vistas dated 15 March 2012 issued by the Secretary of State.

List of flats and other premises in the existing building

Please provide a list of all addresses of any flats and any other premises within the existing building
