2022/2815/P	Simon Oliphant	01/09/2022 15:49:52	SUPPRT	<p>My family and I would like to support the approval of this and the application under consideration at number 28 Willes Road. Camden has approved nine prior similar applications for roof extensions in Willes Road.</p> <p>The design is in keeping with all prior approved designs and materials and the applicants have worked with Camden to align with planning requirements.</p> <p>Too many houses in this area are single-person occupancies or are second homes intermittently used. It is important that families in Camden can thrive in our local community supporting our local schools and businesses, especially in these challenging times.</p> <p>The reiterated pared-down objection is asinine and questionably proxy for a neighbouring property. The pompous remarks are not relevant to planning and represent an entitled and boorish mindset.</p> <p>The second objection is a repetition of a prior objection with no notable additional points regarding the revised plans.</p> <p>We wish this young growing family success with this project to consolidate their place in our community and allow them to enjoy their family life here.</p>
