Reason:

For the avoidance of doubt and in the interest of proper planning.

- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policies D1 and D2 of the London Borough of Camden Local Plan 2017.

Informative(s):

- 1 Reasons for granting permission.

The development seeks to replace the non-original shopfront, it will insert an additional door to provide a fire escape route for the residential unit above and retain a single glazed door to access the retail unit. The minor reduction of E (retail) floorspace is not considered to harm its vitality.

The replacement timber shopfront would be a similar style to that of the adjoining at no. 23 Denmark Street. The proposed works are considered sympathetic to the original 1920s architectural style of the host building, and thus adds to the Denmark Street Conservation Area. Overall, the proposed shopfront conserves the character and design of the building and its context.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013. Act (ERR) 2013.

No objections were received in response to the public consultation. The site's planning history was taken into account when determining this application.

As such, the proposed development is in general accordance with policies A1, D1, D2 and D3 of the London Borough of Camden Local Plan 2017, the London Plan 2021 and NPPF 2021.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).

No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
