Hello,

As a former Camden Councillor (Haverstock ward, 2007-2014), and in common with many other local residents, I **strongly support** this application. The modifications to the railway line will create a greener and more pleasant environment, as well as boosting employment and investment in the Camden Town area. Camden Town Unlimited and the project partners have worked hard to engage local people in the design and planning, and set out clearly how the scheme will only impact positively on residential amenity.

I urge the Council to approve the application.

Best wishes,

Matthew Sanders
