Dear Fergus Wong

I refer to my below email, and the concerns about the above planning application. The proposed structure will be outside two of bedroom windows, and would potentially have a significant impact on us given our basement/garden floor. We had no choice but to seek independent advice, and hence appointed Mr Bryan Staff at Create Planning for guidance, who has lodged an objection to your office via email on 20th August. I'd highly appreciate it if you could acknowledge receipt of our objection.

Kind regards

Dear Fergus Wong

I refer to the above application and the below email. I have now seen the additional information has been uploaded on the planning website. The application refers to a notice provided by the applicant to the neighbouring flats and freeholders in the building on 20th May. We as Flat 1 have not received the notice, and on further enquiry with the other flat owners in the building no one has been served with the notice either.

Would you have a copy of its contents? As the occupier and owner of Flat 1, we will be impacted the most with this planning application as we are on the lower ground floor, and our bedroom windows will have direct sight to the proposed conservatory.

I sincerely hope we will have sufficient time to react and seek relevant advice once we receive the notice referred to in the application.

Look forward to hearing from you.

Kind regards

Dear Planning Team / Fergus Wong 2968

We refer to the above application on the Camden website. No detail of the proposed structure have been uploaded to the website and hence difficult to provide any feedback. Grateful if the complete information can be uploaded, and the consultation period reset from the time the information is provided. My Flat is also on this property, and hence would also like to know if any consultation notices were sent to any neighbours, as I have not received any.

Kind regards
