2022/3659/T	Jan Brooker	05/09/2022 11:14:04	OBJ	<p>Objection on behalf of Highgate Conservation Area Advisory Committee</p> <p>Assuming the tree at the front is dead, (no photo was submitted), there would be no objection to its removal. With regard to the fig tree: it looks like a nice healthy specimen and is not alleged to be causing any damage, so it should be retained.</p> <p>It is noted that there have been other fellings in this area recently, so any further loss of greenery should not be acceptable.</p>
2022/3659/T	Louise Lewis	04/09/2022 12:44:59	OBJ	<p>FRONT GARDEN: 1 x Unknown (T1) - Fell to ground level and grind down stump 300mm below ground level. REAR GARDEN: 1 x Fig (Ficus Carica) (T2) - Fell to ground level and poison stump to prevent re-growth. Application number: 2022/3659/T</p> <p>There has recently been a 5 day notice to fell an apple tree in front of this house. We did not object, as the tree was dead, but we note that the tree is still there.</p> <p>This new application applies to fell a second tree at the front (it is a bay) but gives no reason. The open aspect of this part of the road has already been compromised by building at number 3, green roofs notwithstanding! The felling of the two trees in front of number 5 would further alter the character of this part of the road. We would ask the applicant to reconsider and retain the tree.</p> <p>T2, the fig, is not visible from the road but we regret the felling of a tree and further regret the use of poison on the stump rather than grinding it out. No reason is given to fell this tree either.</p> <p>Highgate Neighbourhood Plan Policy OS2: Protection of Trees and Mature Vegetation III. Within the conservation areas or when protected by a TPO, specimen, veteran and mature trees and mature vegetation, which have townscape, ecological or amenity value should be retained where possible. If such a loss is shown to be absolutely necessary, new development will be expected to submit proposals for suitable replacements, like for like replacement being supported where appropriate and feasible.</p> <p>Louise Lewis Highgate Neighbourhood Forum</p>
