Boundary Demise

Boundary Demise (does not follow physical features)

Due to the inherent instability of paper materials, drawings plotted on paper may be stretched and distorted - dimensions scaled from paper plots should therefore be treated with caution

This drawing has been produced for the purpose of the original commissioning agent. Plowman Craven Limited will accept no responsibility for claims that are subsequently found to be the consequence of unobserved facts that were discovered from new at the time of survey or that have been shown since the survey.

See www.plowmancraven.co.uk for full terms and conditions of contract.

This plan incorporates information from client supplied 'LAND REGISTRY 000323 Museum Title site plan Bloomsbury', which is associated with this site.

The Title Extents have been interpreted from the 'LAND REGISTRY 000323 Museum Title site plan Bloomsbury' and have been matched to the Ordnance Survey (OS) data (grey tones) of the area and to the boundary features, which have been measured on site, dated June 2022 by Plowman Craven

By this process inherent inaccuracies in the OS and Title document data have been retained which means that these data-sets can only be relied on as being accurate to no more than +/- 1 m.

Dashed line denotes boundary extents measured from client supplied plan.

Due to the inherent instability of paper materials, drawings plotted on paper may be stretched and distorted - dimensions scaled from paper plots should therefore be treated with caution.

This drawing is issued for lease registration purposes only and further copies should be printed under the appropriate license. Care should be taken when drawings are printed to avoid image distortion.

Drawings units are metres.
