Planning Application 2022/3402T

Dear Sir/Madam,

I realise this is over the 21 days specified to reply but just in case it's still possible I wanted to endorse the application.

My garden wall is adjacent to the tree in question. My wall has been affected by the growth of this very fast growing tree. A plinth stone has already been shifted out of place and the wall is beginning to bulge so I'm in favour of its removal!

Many thanks

Pauline Caulfield
