As a leaseholder, at `New Court, I object most strongly to this planning which shows no consideration for it's grade 2 surroundings, is an infringement on every level of Light, invasion of Space, to the other buildings that are in very near proximity, we have been plagued with noise, from Lakis close development, for 2 years, also 45/ 47 flask walk, this is an outrageous proposal, with no consideration at all, and should be stopped, or at the very least seriously amended.

Rodney L Henson
