The reinstatement of the central corridor is likely to be supported to the front room.

In the back room, ideally this room would return to a single entity so that the original spatial qualities of the room could be appreciated. This, however, is not a likely situation, the room having been subdivided previously. With any new arrangement for this room we would seek to minimise the harm by ensuring that the maximum volume within the historic room space is retained.

## Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
