Description of the Proposal

Please note in regard to:

- Fire Statements From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. View government planning guidance on fire statements or access the fire statement template and guidance.
- Permission In Principle If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- Public Service Infrastructure From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or view government planning guidance on determination periods.

Description

Please describe details of the proposed development or works including any change of use

Upgrading of a generator on the roof of the London School of Economics Building at 178 High Holborn, London. This upgrade will also include refurbishment of the existing plant space to house a concealed fuel tank room on the ground floor within the plot. It will also include the routing of the servicing fuel pipe from the fuel tank room on the ground floor to the generator on the roof.

The upgraded features within the site are firstly on the roof. The replacement generator will be located in the same place as the existing to the same dimensions. The generator will fit into the same parameters as the existing and will be positioned at the same level on the roof. Servicing the upgraded generator is a fuel pipe which is also positioned on the eastern elevation running from the ground to the roof as per the existing pipe. This pipe will penetrate the parapet and be fixed against the parapet wall before connecting to the generator.

Within the existing plot boundary of the site there will be the refurbishment of the existing plant space to house a concealed fuel tank room.

This room has been designed to remain in keeping with the materials and finishes found on the main buildings ground floor - Horizontal louvre detail and matching yellow buff brick detail.
Has the work or change of use already started?
