2022/3705/P	Tessa Neale	21/09/2022 13:44:34	COMMNT	<p>I am one of the flats closest to barrie house. I have a disabled daughter who is autistic aswel as suffering from extreme anxiety disorder. Her main symptoms are leaving the home and noise. We already have serious issues with parking due to estate being on private road and only 1 side of Camden parking bays available on main road.</p> <p>The road leading into the estate is always congested with vans and card so with the added building site vehicles and machinery and deliveries this is going to be a complete nightmare.</p> <p>My daughter will not be able to cope with noise coming from the site and will find it very difficult walking past the site to leave the estate to get to the car.</p> <p>Is this going to cause problems for the already limited parking and noise.</p> <p>Also will building site remain solely withing the barrie house premises and not overspill to the road and walkway ?</p>
