**Subject:** I object to 2022/3071/P - Ewan Campbell

Dear Officer ,

I hope you're doing well.

I am writing to convey my strongest opposition to the planning proposal 2022/3071/P,

My family and I made the decision to return to London, and more specifically to Hampstead Village, after a few years away. Now that we are back, we are renting a lovely small house in Flask Walk, and we were previously residing in Gayton road

With four kids under the age of 10, we are a big family.

We adore this setting and are happy to be able to provide our kids the chance to grow up in an area with a very strong English Heritage.

Playing occasionally in the New Court Gardens became one of our children's favourite pastimes

We implore you to consider how the expansion of such an **unremarkable construction will damage the charm of this setting.**

**We also think it's wrong to interfere with the other neighbours in 2,3 and 4 Lutton terrace rights to sunshine and privacy.**

I believe it is necessary to defend the **rights of people to enjoy their home and their privacy and light.**

Please stand up for Camden's principles of heritage preservation.

If this happens, it would be a terrible shame and lack of respect to all the neighbours.

Rosario Martinez
