Description of the Proposal

Please note in regard to:

- **Fire Statements** From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. <u>View government planning guidance on fire statements</u> or <u>access the fire statement template and guidance</u>.
- **Permission In Principle** If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or <u>view government planning guidance on determination periods</u>.

Details of the pre-application advice received Reasons for granting permission. The proposal will enclose the existing bin store with a new roof, the existing gates and brick piers will remain unchanged and are not part of this scheme. The new roof will increase the height of the bin store from 1.75m high to 2.4m high, an increase of 0.65m. The proposed materials will match the existing open grid steel mesh grating. Although the increase in height will be visible given its existing siting to the front of the building, it is noted that fly tipping is a problem for the existing open bin store and this new roof will help improve the appearance of the street scene by mitigating this issue. The bin store will still appear subordinate in relation to the host building. Therefore it is considered that the proposal will not cause harm to the character of the host property or the wider streetscene. Given its siting and marginal increase in height, it is not considered to cause harm to the amenity of neighbouring occupiers in terms of loss of light, outlook or privacy. The Designing Out Crime officer has reviewed the scheme and raised no objection. No objections have been received prior to making this decision and the planning history of the site has been taken into account when coming to this decision. As such, the proposed development is in general accordance with policies A1, C5, CC5 and D1 of the London Borough of Camden Local Plan 2017. The proposed development also accords with the policies of the London Plan 2016 and National Planning Policy Framework. Authority Employee/Member With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member It is an important principle of decision-making that the process is open and transparent. For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
