Mr Pascal Bideau
107 Camden Mews
Camden
London
NW1 9AH
United Kingdom

Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Householder Application Granted

Address:
107 Camden Mews
London
Camden
NW1 9AH

Proposal:

Replacement of all the first floor windows from uPVC to double glazed aluminium.
Drawing Nos: MC/419(02)_05; MC/419(02)_08; MC/419(02)_07; COR 70 Hidden Sash; Title plan no. NGL359514; Bedroom 1 back; Bedroom 2 back; Bedroom 1 side; Sitting area 1; Front bedroom 3; Sitting area 2; Heritage, design and access statement for proposed replacement of windows at 107 Camden Mews (dated 01/03/2022)

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the

following approved plans

MC/419(02)_05; MC/419(02)_08; MC/419(02)_07; COR 70 Hidden Sash; Title plan no. NGL359514; Bedroom 1 back; Bedroom 2 back; Bedroom 1 side; Sitting area 1; Front bedroom 3; Sitting area 2; Heritage, design and access statement for proposed replacement of windows at 107 Camden Mews (dated 01/03/2022)

Reason:

For the avoidance of doubt and in the interest of proper planning.

- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 and D2 of the London Borough of Camden Local Plan 2017.

Informative(s):

- 1 Reasons for granting permission:

The existing uPVC windows at first floor level (one casement and one fixed window on the front elevation, two casement windows on the side elevation and two casement windows on the rear elevation) would all be replaced with new double glazed aluminium single framed windows.

The existing casement window on the front elevation on the east side would be replaced with an aluminium framed window to match the neighbour's first floor windows (top opening and fixed lower pane). This window would be white framed, to match the neighbour's window.

All the other windows would be anthracite grey to match other existing windows on the building.

The proposed aluminium windows would be appropriate on the building, they would preserve the architectural style of the building and the character of the Conservation Area.

The proposals are sympathetic to and in keeping with the existing appearance of the host property in terms of their design, locations, proportions and materials, and they would preserve the character and appearance of the building and Camden Square Conservation Area.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Camden Square conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

There are no amenity concerns to neighbouring properties given the proposal

would just replace existing building fenestration.

The site's planning history has been taken into account when coming to this decision. No objections have been received following statutory consultation.

As such, the proposed development is in general accordance with policies A1, CC1, D1 and D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2021 and the National Planning Policy Framework 2021.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 3 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
- 4 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at www.camden.gov.uk) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.
