2022/3578/P	LifesBetterInKilburn	27/09/2022 11:37:23	SUPPRT	<p>The plans for this application look fantastic. Kilburn desperately needs some gentrification to reduce crime, and remove the drug dealers and users from the area.</p> <p>Developing the arches will help to make the area nicer, and more welcoming. Especially to those arriving in Kilburn from the tube station.</p> <p>It seems that the Twitter account @LifeInKilburn is up in arms about this application, which is a very positive sign that this is the right thing to do.</p> <p>LifeInKilburn primarily object when someone is actually coming up with good suggestions to help develop the area, which goes against their ambitions to keep Kilburn the way it is, so they can continue to complain about it.</p>
2022/3578/P	Fred	30/09/2022 13:30:02	OBJ	<p>I think the existing business should remain. There will be a lack of car repair facilities when they go. I do not want the usual gentrification and proliferation even more cafes and bakers. Everywhere is saturated with cafes. The area could be cleaned up, as it is. This is just an excuse to get rid of the 'dirty' businesses and gloss over an area with the usual, unthinking approach and attitude.</p>
2022/3578/P	Matthew Bell	27/09/2022 15:10:01	SUPPRT	<p>The proposed plan for Kilburn Mews appears well thought out, with impressive community engagement. I support the proposal and look forward to commencement.</p>
2022/3578/P	OrangeHorses	27/09/2022 23:33:47	COMMNT	<p>Great project, just hope you meet expectations and transform the area to the extent everyone is hoping for according to their comments; as well as the practicalities others have mentioned, something which is aesthetically pleasing like the artist's impression, with lots of outside space to sit and relax and get a breath of relatively fresh air, for kids to play, and for us, the community, to enjoy refreshments & meals al fresco away from the noisy, polluted, filthy High Rd.</p> <p>We certainly could do with a little local sub post office & my disabled neighbours can't get to any of those in Mill Lane, Queen's Park, other end of Kilburn High Rd, Sheriff Rd etc. We do seem to be the only area in the vicinity without one.</p> <p>A major priority should be the regular cleaning and maintenance of the actual arches and bridges themselves, whether or not they are likely to be much changed by the plans (eg the bridge in Iverson Rd). Jet spray them all, put up adequate structures to protect from pigeons and the consequential heaps of pigeon poop layered on the pavements and roads, all over cars and splattering pedestrians walking beneath. Improve the lighting under them so we can be less anxious about having to walk through them as if we were in some dark, dank, dirty, dubious Dickensian back street. Several years ago attractive blue lights were erected under Iverson Rd bridge & they lasted less than 6 months, what happened to them?</p> <p>Ditto no more chicken shops and the like, we already have more than enough to serve the community, in addition to which, the streets radiating off the High Rd are constantly littered with packaging strewn all over the place along with endless chicken bones, which makes walking the dog akin to running the gauntlet.</p>
2022/3578/P	Eileen O'Shea	28/09/2022 18:08:34	NOBJ	<p>It would be great to include workshops for artist/designer/makers so local artists, designers and crafts people have access to resources and a hub for e.g metalwork, woodwork, plastics, ceramics, textiles, CAD/CAM, film making etc.</p>
