Description of Proposed Works
Please describe the proposals to alter, extend or demolish the listed building(s)
2 of the front facing windows in the property have old (1970s?) secondary glazing inserts in them that are bent and in one case is missing a pane entirely. This includes one lower-basement and one raised-ground window, facing the road.
In order to improve energy efficiency and keep the property warmer for the tenants, I want to replace these with modern secondary glazing.  This would involve removing the existing aluminum secondary glazing units, and installing new ones. The secondary glazing in the property is NOT original to the building, and was put in many decades later.
These will be custom made like-for-like replacements of the existing units, made of aluminum and glass. They will be made to measure and the cross-piece will not be visible outside of the property when the windows are in the closed position. This is the same as the current situation. As per the HMO license, the windows can open and be used as an escape.
I have quotes from a pair of companies who specialise in secondary glazing, who are ready to commence work when planning permission is approved.

Authority Employee/Member  With respect to the Authority, is the applicant and/or agent one of the following:  (a) a member of staff  (b) an elected member  (c) related to a member of staff  (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.  For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.  Do any of the above statements apply?  Yes  No
