Subject: RE: Consultee letter for Planning Application: 2022/1041/P

FAO Jennifer Walsh

Address:
Land to the North of the British Library
96 Euston Road
London
NW1 2DB

The Proposed Work:

RECONSULTATION DUE TO UPDATED ENVIRONMENTAL STATEMENT
Demolition of the British Library Centre for Conservation, alterations of the British Library and erection of a new building of 12 above-ground storeys and one basement level for use as library, galleries, learning, business and events spaces (Class F1) and retail and commercial spaces (Class E); provision of internal and external public spaces, landscaping and a community garden; improvement works adjacent to Dangoor Walk; provision of cycle and car parking and servicing facilities including new crossovers; provision of Crossrail 2 infrastructure; means of access; and associated works.

Thank you for your consultation.

I can confirm that the planning applicant is in communication with TfL Infrastructure Protection engineers with regard to the development above. Therefore, we have no comment to make on the application except that the developer should continue to work with TfL engineers as the project progresses to minimise the risk to railway operations.

This response is made as Railway Infrastructure Manager under the "Town and Country Planning (Development Management Procedure) Order 2015". It therefore relates only to railway engineering and safety matters. Other parts of TfL may have other comments in line with their own statutory responsibilities.

Kind regards

Shahina Inayathusein MAPM MIAM

Safeguarding Engineer (LU+DLR)
Infrastructure Protection

TfL Engineering | 5 Endeavour Square, Stratford, London E20 1JN
