2022/4184/PVL	Mark Quinlan	04/10/2022 19:45:58	COMMNT	<p>I would like to ensure there is no increase in the number of tables chairs because Cambridge Circus is already a very congested part of London and the pavement needs to be used for pedestrians not diners. It can be dangerous because I have seen pedestrians pushed onto the road due to congestion and it's an area full of buses.</p> <p>The proposal is for 5 Tables, 10 Chairs and 13 Barriers Monday-Sunday 09:00-21:00 New Application (from 01/10/2022)</p> <p>I don't think they currently have as many as 13 barriers but I'm not sure how to check?</p> <p>I'm travelling and not back until this evening so can't check in person but perhaps the planning officer could meet me at a busy time on Cambridge Circus so we can discuss together the issues.</p> <p>Cambridge Circus is an increasingly congested street and not an alfresco dining area.</p>
