Subject: Tree Planning Application 2022/3776/T

I am contacting you on behalf of The Belsize Society.

Summary information about this planning application is copied below and includes the felling of two trees on Haverstock Hill subject to TPOs. I am concerned that this application is not subject to consultation and would like to know why.

There was another application in 2021 (2021/3975/T) to fell these trees, which was subject to consultation and there were robust objections. That application was refused and these trees made subject to TPOs. The Belsize Society wishes to object again to the felling of these trees and this is a request to open the planning application to consultation.

I look forward to hearing from you as a matter of urgency.

Yours sincerely
Barbara Abraham
For The Belsize Society
