2022/2141/P	Christiane Ten-Hoopen	08/10/2022 17:28:50	OBJ	<p>Dear Elaine Quigley,</p> <p>This row of listed Georgian buildings is a fine example of its type. The proposed installation of 9 external LED lightings is excessive for this stretch which would result in 9 strong patches of light. They would be far too prominent. In addition, the proposed fixtures are completely inappropriate on this type of building. We consider the proposed 7 polished brass sign plates to be too big and equally out of place.</p> <p>Both the proposed lighting fixtures and signage would be incongruous additions to these buildings. On behalf of the Bloomsbury CAAC I therefore strongly object to this application.</p> <p>Christiane Ten Hoopen</p>
