CAVITY BARRIERS NOTE:

Do not scale from this document, unless for the purposes of planning applications where a scale bar is provided. Refer to figured dimensions only. All dimensions to be verified on site prior to construction. Report all discrepancies or ambiguities to the Document Originator immediately. This document is to be read in conjunction with relevant documents, drawings and standards.

EPDM DPM DPC

Breather membrane position within the wall

The cavity barriers indicated on this drawing are

locations of cavity barriers and arrangement with

individual cladding systems to be developed in

coordination with subcontractors, fire engineer

and building control as part of Facade CDP

shown for strategy purposes ONLY. Exact
