2022/4175/T	William Coles	14/10/2022 16:55:27	OBJ	This tree should NOT be felled. It is perfectly healthy and is causing non nuisance at all. This tree has been here long before the present landowner, and if the landowner does not like it, I suggest they move. We are already losing far too many trees in this borough - our mature trees are our borough's lungs!
2022/4175/T	Anna	15/10/2022 18:31:19	INT	We need our trees in this densely populated area. As we already know they help provide shade during summer and soak up rain in between. We need to protect the small spaces for nature in between the parks, so that Insects can survive. It brings texture and beauty to our street. Please don't remove this perfectly Healthy tree.
2022/4175/T	Cllr Anna Burrage	17/10/2022 20:57:09	OBJ	I firmly object to the destruction of this beautiful, mature tree. It's removal would be in complete contradiction to Camden's sensible and proactive policies to protect our local environment and improve air quality.
2022/4175/T	B.Shaughnessy	17/10/2022 00:10:48	OBJ	Surely this tree could have been 'managed' better by the homeowners applying to destroy it due to their neglect. Trees grow and need pruning/trimming. Camden continues to avoid confronting the massive loss of so called 'private' trees blaming National legislation or shortage of tree officers. All the council's efforts to plant seedlings are pointless when the Tree section cannot get a grip of the stock of valuable/mature green assets that are 'privatised' and vandalised. This application -with a drawing which a 3 year old might provide is unacceptable and should be investigated to sort out a solution which preserves the poplar and repairs the crack in the wall.
2022/4175/T	Felix, Leo & Poppy Fraser	15/10/2022 16:31:42	OBJ	Hello. We are Felix (11), Leo (9) and Poppy (7). We live in Grove Place and love this tree very much. We walk to and from school under it. We sit in Federas cafe chairs and play with her dog Loki under the beautiful tree. We can even see it from our balcony. It is home to birds and all sorts of insects. Please do not cut down this tree. We love it as a part of our street and it would be really sad if it was cut down. Thank you for listening. Felix, Leo and Poppy
2022/4175/T	Stephen Stark	17/10/2022 15:27:05	COMMNT	This beautiful tree looks healthy and full of life. It is an intrinsic part of Hampstead street scene, nature and wild life. The tree is subject to a TPO and is of course in a Conservation area. There are no details as to why the applicant wants to fell this tree. This should not be permitted. I have raised an ME about this and am willing to meet the officer on site to discuss.  I awaits officers advice and a meeting, if required to save this tree.  Cllr. Stephen Stark HT Ward councillor

2022/4175/T	Sebastian Wocker	14/10/2022 16:28:00	OBJ	I strongly object to the felling of this tree. The poplar outside Peppercorn in New End is not sick and is not a danger to anyone. This is a conservation area. Trees are an essential tool against the battle against pollution and for general well being and mental health. There is no reason to fell this tree and permission should be denied, crowning or pruning is sufficient action.
2022/4175/T	Christiana Marran	14/10/2022 18:40:32	OBJ	We should not be removing healthy trees from the neighborhood in Well Rd / Christchurch as there is simply no need and we all benefit from the beauty and health benefits of our local trees.
2022/4175/T	Jacqui Decaudaveine	16/10/2022 13:40:42	OBJ	<p>I strongly object to the proposed removal of this tree which is subject to a preservation order, as all the trees in Hampstead should be.</p> <p>I have fought for the addition of trees outside Carnegie House which thankfully led to the planting of 2 x trees both of which have supports that are damaged and no longer provide any strength to the trees. One of them has suffered at the top but seems to be fighting back at the base. I have highlighted this with the environmental services at Camden but nothing has been done. Furthermore, there is one tree outside the dog grooming salon 'Sniffles' that seems to have died and this will need replacing.</p> <p>With the recent addition of further 'street furniture' and a camera at the top of New End as well as very ugly restriction signs on the corner of New End just outside my property, the last thing we want is for a beautiful tree that only requires pruning once in a while to be felled. It would make the area even more built-up looking and damage significantly this pretty village enclave that locals and visitors enjoy.</p> <p>The application for the removal of the tree states that the tree is not in a Conservation Area, which is incorrect as it most certainly is.</p> <p>This tree is not diseased and was pruned a couple of years ago and has grown back beautifully. There are birds that nest there and other wildlife that benefit from the tree, not to mention us the neighbours.</p>
2022/4175/T	Martin Hicks KC	17/10/2022 13:38:25	OBJ	<p>We object to this application for the following reasons,</p> <ol style="list-style-type: none"> <li>1. No reason, still less one that could justify grant of the application, is advanced for the Tree's removal by the applicant.</li> <li>2. The applicant accepts that the Tree does not suffer any disease or condition warranting its removal; nor does it present any safety or structural issues supporting such action.</li> <li>3. The tree is, contrary to what the application states, in a conservation area.</li> <li>4. Its' loss will have a deleterious impact on the street scene, particularly on the view from New End towards Grove Place.</li> <li>5. Pruning is a satisfactory alternative to its removal.</li> </ol>
2022/4175/T	Megan	15/10/2022 16:38:38	COMMNT	I object to the tree being cut down

Application No:	Consultees Name:	Received:	Comment:	Response:
2022/4175/T	Paul M	14/10/2022 17:51:17	COMMNT	<p>This is a beautiful tree that provides a lot of greenery to the area. Without it, the square becomes a harsher urban landscape. The tree appears to be healthy as well. My property is across the street from this tree and I can see it and enjoy it from the majority of my windows. Losing this tree would be a loss for the neighbourhood. Please reject this application.</p> <p>They could help the tree some by removing the ivy growing up the trunk and cleaning the growth coming out on the pavement - but removing it in its entirety is wrong.</p>
2022/4175/T	Samuel Teale Chadwick	15/10/2022 21:28:25	COMMNT	<p>I am writing to petition to keep the tree. I sometimes walk or cycle along this path, and only when I read about this application did I realise how much it adds to this place. Additionally, every living tree absorbs carbon from the atmosphere and hosts and attracts wildlife. As a principle, therefore, we should protect trees in urban environments where possible. It appears entirely unnecessary to fell this tree. Thank you for considering my input. I look forward to confirmation it has been received, and to following how this application develops.</p>
2022/4175/T	Fereda Alikhan	14/10/2022 13:45:57	OBJ	<p>I would not like a fully grown old but healthy tree to be cut down. It is not diseased and having greenery helps the environment and makes it feel like a village which Hampstead is.</p> <p>All it needs is to be pruned which has happened in the past.</p>
2022/4175/T	DENZIL RANKINE	14/10/2022 12:19:09	OBJ	<p>I object to the proposed removal of this tree which is subject to a preservation order and which is in a conservation area.</p> <p>There is no good reason for this tree to be removed. It is safe, it is not diseased and it is not causing any root or other damage.</p> <p>This tree is integral to the character of the area. Without it the surroundings will appear bare. The photograph in the submission taken from Grove Place shows some of the character that the tree brings to the street. There are no photographs in the submission taken from the New End side which will be left naked should the tree be removed.</p> <p>This tree has been pruned successfully in the past. Pruning would be a substantially better alternative to removal.</p>
2022/4175/T	Gideon Wagner	14/10/2022 14:22:20	OBJ	<p>I see absolutely nothing to be gained by cutting down a perfectly good tree.</p>
2022/4175/T	Bulent Kurban	14/10/2022 13:38:56	OBJ	<p>I like this tree. Please do not cut it down</p>
2022/4175/T	Anand Patel	14/10/2022 13:51:34	OBJ	<p>We want this tree to keep the air clean, reduce noise pollution from cars and delivery trucks, and for the aesthetics of the village.</p> <p>This is a nice tree. Please do not cut this tree down!</p>
2022/4175/T	Andrew Royce	14/10/2022 13:55:30	OBJ	<p>This is a nice substantial tree. It should be trimmed rather than removed.</p>

<b>Application No:</b>	<b>Consultees Name:</b>	<b>Received:</b>	<b>Comment:</b>	<b>Response:</b>
2022/4175/T	Andrew Royce	14/10/2022 13:55:33	OBJ	This is a nice substantial tree. It should be trimmed rather than removed.
2022/4175/T	Flora Yildirim	14/10/2022 14:01:06	OBJ	I prefer to keep this tree as it is a charming tree. It deserves to remain part of the charm of Hampstead. There is no reason to cut it down. It is useful as it provides nice shade in the hot summer.
2022/4175/T	Jodie Fried	15/10/2022 16:23:28	OBJ	We 100% OPPOSE this beautiful tree being cut down. It is an intrinsic part of our community and street. It would be a great loss to the street of Grove Place and New End square and the cafe area for this tree to be removed. Our whole family are opposed to the proposal of this tree being removed.
2022/4175/T	Jodie Fried	15/10/2022 16:23:30	OBJ	We 100% OPPOSE this beautiful tree being cut down. It is an intrinsic part of our community and street. It would be a great loss to the street of Grove Place and New End square and the cafe area for this tree to be removed. Our whole family are opposed to the proposal of this tree being removed.
2022/4175/T	michael beskine	16/10/2022 12:39:28	OBJNOT	I object to the proposed felling of the mature tree, which in my view should be retained. To the extent that the wall around the tree has been damaged by the tree growth the wall should be repaired and no change made to the tree itself. There is growth of an Ivy plant on the tree and this should be removed.
2022/4175/T	Silvia Bueno	14/10/2022 17:28:12	OBJ	I object to the felling of this tree. It's a beautiful old tree in conservation area. Tommy knowledge there is nothing wrong with it.
2022/4175/T	Christina Moore	16/10/2022 22:39:17	OBJ	I live at 28 New End in the neighbourhood of the tree in this planning application. The tree and others like it add considerably to the character of this area, as well as being environmentally beneficial. In fact recently two new trees were planted at the junction of New End and Well Road to further add to the greening of this area. The Canadian poplar in question is hardly an obstruction if it were pruned and managed as it has been in the past. It is not diseased. My grandfather, C M Moore, who lived in New End Square was part of a committee in the 1960s responsible for the selection and positioning of new trees in the streets around New End and I am proud of this legacy. They chose species that had seasonal interest and would not get too big for the narrow streets where they were planted, as long as they were regularly pruned. We surely have a duty to protect our environment and not to destroy it for temporary convenience. I object to this application.
