2022/4403/PVL	Penelope	14/10/2022 17:02:05	OBJ	<p>I object to several elements:</p> <p>Too many pieces of furniture blocking clear passage for pedestrians. The nearby passageway and pinch-point is not marked on the plan.</p> <p>10pm being too late.</p> <p>The establishment continuously breaching the terms of their current license by blocking the passageway, having more chairs than they're allowed outside</p>
2022/4403/PVL	Julia Williams	17/10/2022 21:49:54	OBJNOT	<p>To whom it may concern,</p> <p>I object to the two tables and 5 chairs as this causes a serious noise nuisance, also people passing from the passage struggle to get past. Even though the dimensions provided do not take into account the fact that when people sit at the tables the chairs are pushed out further and the already narrow passage becomes even smaller. Also a large group of 5 people would make far more noise than two tables and two chairs, this is two people only and a quiet private conversation.</p> <p>It is also much too late to allow people to sit outside in a residential yard till 10pm, in my opinion everything outside in the yard should be closed at 8pm, but as a compromise I'd be happy with 9pm. As Neal's yard is enclosed all the noise from their clients sitting outside in large group gets echoed around and becomes too loud for our children to have a reasonable bed time and a good nights sleep. We know this for a fact s they break their license almost daily and this causes a lot of noise pollution every day.</p> <p>Another thing to note is that the Barbery next door struggle to operate within their current license, they break it daily and you have reviewed many complaints and evidence to support this statement. To reward them with more chairs is to encourage other premises to ignore their license obligations too. When is enough enough.</p> <p>I also have mention that all theses repeated applications is starting to feel like a form of harassment towards the residential sector of Neal's yard, I believe we have made it very clear where we all stand.</p>
