

Subject: Planning Application Objection - Reference: 2022/3635/P

Dear Kate,

Following the application/reference: 2022/3635/P, I am sending you this email to make the following objection to this application.

As you record, I object to this application, similar to the previous 2021/3839/P. For convenience, you will find the attached file and our previous correspondence record.

On this specific application, I also note that the public benefits of additional residential units would be sufficient to outweigh the harm caused by the proposed development on the designed heritage assets and, therefore, the proposals should be regarded as in conflict with Paragraph 202 of the NPPF.

In particular, the proposed development would involve the removal of water storage facilities serving the existing properties onsite, which I find disturbing.

Kind regards,

Mr Perraud
