Dear Ms Henry,

Reference: 2022/3635/P

I am a neighbour of Howitt Close.....

I wish to make the following objections to the new scheme of which I have just become aware of as follows:

My view of Howett Court from the rear/side is it is at present unobtrusive but if a extra story & services were added it would become visible above my existing roof line of the houses behind & flanking it & intrude into my natural light and the view of the skyline.

And of course & in any case; as I am in a conservation area I object to the spoliation of a building I walk by so frequently.

It is a finished art deco design and its character will be blighted irreparably by any alteration.

The plan is unacceptable.

yours sincerely
Matthew Kiernan
