2022/3534/P	Raymond Grech	22/10/2022 20:23:20	COMMNT	Dear Planning,

I have concerns with the terraces at levels 3 and 4 that look onto the neighbouring property on Brownlow mews and potentially into my flats rear windows when these terraces are used. I own the top floor flat where I have 2 large windows to the rear of my flat in the kitchen and dining room. I am interested in understanding overlooking and loss of privacy when these terraces are used. What is the design of the side of the terraces and will they have solid walls/balustrades and not glass to prevent overlooking?

Can restrictions be put in place for specific hours of work as to not interrupt neighbouring properties. Can the works be limited to Monday to Friday within working hours?

Thanks,
Raymond
