It is proposed to remove approx. 1.2m section of the ground floor side wall to the rear outrigger. The existing opening between the original property and the 1990's rear/ side infill extension is to be widened and the existing structural steelwork is to be replaced to accommodate this change.		
Why is it necessary to demolish or extend (as applicable) all or part of the building(s) and or structure(s)?		
The internal alterations involve relocating the Kitchen within the rear outrigger area to benefit from more daylight and views of the back garden.
